Rafaela,

In a January email I had asked that the LBC amendment be completed last week. What can I do to help you out with that budget amendment? If you need any tips if you are stuck on something, you can share your screen in a Teams call and we can go through the steps if you want.

I am sharing the snapshot below which shows the comments from the Grant Specialist regarding the LBC extension. The Amendment will include the new budget and the time extension.

Rafaela,

This is great that the extension is done. We discussed the budget change last quarter and after our last meeting with them they submitted the revised budget. I have attached the last email about that. I would ask that if it is still necessary, as I have not been the one communicating with them on this grant, then the deadline for that would be to have the FR submitted in NGGS in three weeks.
